- CHARITY PARTNERS -

The mission of the National Autistic Society Northern Ireland is to transform lives, change attitudes and create a society that works for the estimated 18,000 autistic people in Northern Ireland. They do this by providing targeted direct support to thousands of autistic people, family members and carers every year.

Include Youth is a rights-based charity for children and young people in or leaving care, from disadvantaged communities or whose rights are not being met. We work to improve employability, personal and social development enhancing inclusion, integration and good relations. Include Youth influences public policy led by the voice of children and young people, evidence based practice and international children's rights standards.
